

## BLASER FBX

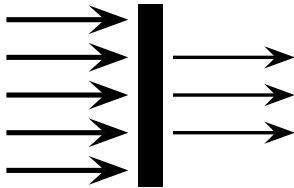

### ADVANTAGES AT ONE GLANCE

Characteristics	Benefits
Minimal recoil	Technical induced recoil reduction
Perfect balance	At optimized weapon weight
Unique shootability	Balanced in all axes
Removable trigger unit	Easy maintenance
DLC surface coating	Highest surface finish
Improved internal barrel geometry	Optimized internal barrel geometry uniform coverage & sheaf guidance

## BLASER FBX

### MINIMAL RECOIL

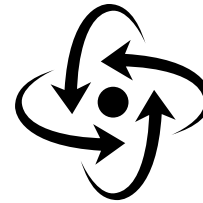

Technical recoil minimization through optimized barrel profile and stock geometry with maximum contact surfaces

### OPTIMAL BALANCE

Optimally balanced with ideal weight distribution and modern Fat-Body receiver with high tilt stability and low center of gravity

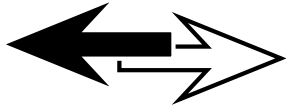

### UNIQUE SHOOTABILITY

Ideal vibration behaviour with innovative balancer system and outstanding trigger characteristics with removable trigger unit

## BLASER FBX

### REMOVABLE TRIGGER UNIT

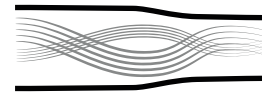

Easy removal and maintenance of the trigger assembly with all relevant mechanical parts!

### DLC SURFACE COATING

Proven DLC coating in black on all visible steel surfaces, provides exceptional hardness and effective corrosion protection.

### OPTIMIZED BAR- REL GEOMETRY

Uniform coverage and homogeneous pattern guidance with less edge grist and reduced recoil

# BLASER FBX

## CONFIGURATION

Specification	Description
Model	FBX Sporting
Version	Standard (right- and left-handed version)
Fore-End	Sporting
Stock	Sporting, Sporting with adjustable comb
Drop/Cast/Pitch	Drop: 37/49; Cast: 3/8/20; Pitch: 85
